PROJECTS

Expenses Tracker

- Built a responsive Expense Tracker using HTML, CSS, and JavaScript with two-column layout, dark/light mode, and localstorage persistence.
- Implemented interactive expense table with add/delete functionality and currency-formatted totals for improved user experience.

To-Do List Web App

- Built a full-stack task management app using Django and SQLite with complete CRUD functionality.
- Created a responsive and dynamic UI using HTML, CSS, and JavaScript for seamless user interaction.

Personal Portfolio

- Built a responsive portfolio website with HTML, CSS, and JavaScript, featuring a resume download option and contact links.
- Implemented interactive UI elements, smooth scrolling, project showcase, and skill highlights to demonstrate web development proficiency.

CERTIFICATION

Python Full Stack Development Course – Pumo Technovation, Tambaram (2025)
